## Service Groups Attend Coffee

Presidents and other representatives of women's service and civic organizations were guests at a coffee Saturday at the home of Mrs. Ralph O. Johnson in Pahokee. Other invited guests were wives of some of the members of men's service organizations. The affair was one of a series to acquaint the community with the Family Service Agency of Palm Beach County.

Mrs. Donald W. Alexander, a director of the new agency, spoke on "What Family Service Is and How To Use It."

She emphasized that the new agency will not duplicate the work of any existing organization but rather will find solutions for typical family problems, which might other wise reach crises and end up in the divorce and juvenile courts and mental health clinic.

This will be accomplished, she said, by personal counseling, given by professionally trained graduate social workers.

This service will be available to any resident of Palm Beach County and a fee will be charged. However, those unable to pay will also receive counseling.

Assisting in the Question and Answer period was Mrs. W. W. Ghioto, who is vice president of Family Service.

Officers have been obtained in West Palm Beach. Since February members of the Junior League have been serving as office volunteers, handling mail and telephone inquiries. They will continue in this capacity until the office can be officially opened for counseling.

Guests attending were: Mrs. Annette McCurdy, Mrs. Eunice Hughes, Mrs. Grace Maxson, Mrs. Marion Sanders, Mrs. David Uwin, Mrs. Jess Elliott, Mrs. Beth Elarbee, Marion Blech, Mrs. R. C. Lane, Jane Plumer, Mrs. W. K. Aldridge.

### Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The County Commission called Monday for a report from its Juveniles department on two recent break-outs and a near riot at the juvenile detention quarters at Palm Beach International Airport. And Commissioner Lake Lytal advocated that unruly youngsters there be jailed rather than giving them the opportunity of damaging the building and possibly harming others.

Commissioner E. F. Van Kessel brought up the matter, saying he was disturbed over what responsibility the commission might have regarding the detention quarters trouble. County Attorney Harry Johnston advised that the commission has no responsibility for the place except to furnish such facilities as are requested.

Lytal said the commission has budgeted funds for more facilities there and is waiting for the juvenile judge and counselor to detail the needs. He pointed out that the county has other places for keeping homeless or delinquent juveniles and that the airport detention center is designed to hold them only until they can be turned over to state institutions.

"When they rebel", he said, they ought to be put in jail."

Two road and street improvement projects for Boynton Beach and one for the Pahokee area were approved.

After receiving from County Engineer George Frost "cross sections" of plans for the projects by the State Road Department, the commission approved.

Subject to approval of the city of Boynton Beach four-laning of a mile of Second Ave. there from U. S. 1 to the Seaboard railroad at cost of \$350,000.

Four-laning a mile of Bacom Point Rd., Pahokee, at cost of \$322,000, without interference with

the royal palms that beautify that thoroughfare.

The commission also approved an effort to include the whole county in a comprehensive traffic planning program soon to be made with federal-state funds. As presently planned it was explained, the program is designed only for urban areas, which would exclude much of the Everglades part of the county.

It extended three leases and approved two new leases to firms for use of properties at Palm Beach International Airport, omitting provisions under which the firms would have to pay taxes.

With budget making time approaching, it received from Attorney Johnston information about a new law under which, roughly, if tax valuations are increased, operating millages must be cut in proportion.

In recognition of its "excellent air safety record", county-operated Palm Beach International Airport received the 1963 Safety Award of the Southeast Airport Managers' Association.

The commission also: Ordained that the courthouse shall be closed on Fridays before legal holidays that fall on Saturdays.

Mr. and Mrs. H. H. Hendrix have as their guests this week, their nephew, Mr. and Mrs. Hendrix Perkins of Mobile, Ala. and Mr. and Mrs. Eiley Miller and daughter of Carthage, Miss.

Mrs. Helen Schroder had as her guests recently, her cousin, Mr. and Mrs. Irving Raymond of Miami Springs.

Mr. and Mrs. Claude Shirley were weekend visitors in Everglades, Fla.

### State Attorney

Quentin Long of Fort Lauderdale was elected state attorney for the 15th Judicial Circuit Tuesday by a comfortable margin over his opponent, Fred Hope of Palm Beach. The complete vote was Long 45,541, Hope 32,624. Long will fill the spot vacated by Phil O'Connell.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

### Tourist Attraction Of Ducks At Naples

NAPLES—One of the outstanding shows in Florida is currently being staged by a group of ducks. This whacky quacky troupe puts on a regular vaudeville show at Caribbean Gardens, tourist attraction in Naples, Fla.

The show was originally set up for a promotional appearance at the Florida Showcase, Florida Development Commission's New York display facility in Rockefeller Center. The feathered hams played their way to international fame, not only for themselves and Caribbean Gardens, but for the entire state of Florida.

Later they appeared twice on the Ed Sullivan Show on CBS-TV. Caterina Valente, the toast of European TV, caught the show and booked the act to appear on two of her TV spectaculars, one in Germany, and one in Italy.

Learning of the European tour, the Florida Development Commission invited the ducks over ahead of time and had them represent Florida in an international tourist promotion in Paris.

Returning to Naples as seasoned troupers, the ducks are now treading the boards in the Duck Bowl at Caribbean Gardens and their Duck Vaudeville show amazes and amuses audiences daily in their four-a-day performances.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

## Christian Science Group Of Canal Point

"There is no power but of God." This Golden Text from Romans (ch. 13) establishes the theme of this Sunday's Bible Lesson at all Christian Science churches. The subject is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

Some of the Bible readings tell about the building of the wall of Jerusalem through Nehemiah's acknowledgement that "The God of heaven, he will prosper us" (Neh. 2).

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this: "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God" (p. 228).
